It will be our pleasure to welcome you to Seattle and the Pacific Northwest in May!

Seattle is known for its vibrant, walkable downtown, just steps from the pristine outdoors. Visit Pike Place Market, the oldest continually-operating farmers market in the country. Walk in Pioneer Square, which is a mecca for arts, entertainment and sports. Sample some food in our vibrant Chinatown-International District, or take a ferry ride across Puget Sound. And, of course, stop at one of our many coffee shops for a taste of Seattle's world renowned coffee!

Seattle is a magical place that can dazzle the senses! We look forward to seeing you in Seattle in May 2007!
