**M. Highlights for the last 12-months and Initiatives for next 12-months**  
 1. Provide your 3 top highlights for the past 12-months (challenges, goals, achievements etc.)

- Utah has moved to a postcard renewal and online changes to principals. This has been immensely successful (80 – 90% online) and has resulted in many more updates than previously received, so the information is more current.
- Utah has launched an image access function for our online search. Those researching business entities can now click a button and download images of documents associated with a particular entity, ie.; articles of incorporation, amendments, mergers, annual reports, etc.
- The OneStop Business Registration web site, phase II, was launched. Many enhancements that make the filings easier and better were developed, but the most significant change was the ability for non profit corporations and single-member LLCs to register now.

2. Provide your top 3 initiatives for the next 12-months

In the next year we hope to continue our push online. This will free up our staff to provide more intense customer service, especially in the areas of research. We also plan to find a redaction solution to enable more of our images to be provided online. Lastly, we will look at email notices. The filers in Utah have expressed an interest and the legislature shows signs of interest also.
