

### **2007 STS Resolutions**

1. The IACA Secured Transaction Section hereby creates a task force to evaluate and examine the option of a unique identifier number requirement for states having a Central Filing System, certified by the U.S. Department of Agriculture. The task force shall examine effective numbering techniques, seek out a best practice and present the approach to the IACA membership at its 2008 Conference. The task force shall also communicate the interests of IACA's Central Filing System states to the United States Department of Agriculture.
2. The IACA Secured Transaction Section hereby adopts the Model Administrative Rules of the Uniform Commercial Code, Article 9, dated and adopted May 17, 2007, as the official Model Administrative Rules.
