We do have early buy in from Department of Revenue and Department of Workforce Development. The idea is to start the portal with the three agencies and then add agencies in later phases.</p>

Rhode Island	<p>Rhode Island offers potential entrepreneurs, through our First Stop Business Information Center, the opportunity to obtain a customized business package that includes information on financing, licensing and filing requirements/forms from local, federal and state agencies. This paper-based package was recently automated into our QUICKSTART application https://www.ri.gov/SOS/quickstart/ . Our slogan is “Become a Business Superhero” and with the help of our interactive application we hope they achieve their goal of becoming a new business owner!</p> <p>This application is independent of our SOS electronic filing system (www.sos.ri.gov/business), but does offer electronic filing options when and where they are available to the user. QUICKSTOP was developed by our local NIC USA office, Rhode Island Interactive. If you get the opportunity to use the application, we would love to have your feedback!!</p>
