

Topic: College Athletes Starting a Business

Question by: Allison DeSantis

Jurisdiction: Ohio

	Based on the change with the NCAA permitting college athletes to get paid for the use of their name, image and likeness, we are seeing some students filing business entities. We are discussing ways we can provide information and outreach to assist. For example, I have noticed on a few of the filings the athletes have used their dorm room address as the statutory agent's address, which is likely not the best option as it is now displayed publicly but they will also have to pay a filing fee to update this each time they move. We hope to do some social media posts to highlight some key information, but also brainstorming other options and curious if anyone else is doing anything to assist.
