Full text of email:

Good morning!

I have questions for those jurisdictions that utilize an express annual report filing option in their systems.

1. Have express reports been popular in your jurisdiction and widely used?

2. Have you experienced difficulties with a "one-click" or "without changes" express report with ever changing legislation making them automatically a "with changes"?

3. Has anyone deployed an express report option, had it not be successful, and then remove it as an option?

I appreciate your replies, we are revisiting our express reports and some of the challenges they create vs the benefit it provides. All opinions are welcome.

Patrick
