

International Association of Commercial Administrators 2006 Conference

Information Technology Section Resolutions

Resolution:

IACA's Information Technology Section resolves to gather information and pursue the development of advisory guidelines related to data capture that may be used by member jurisdictions. The ITS intends that these advisory guidelines may be used for documents submitted in paper, by electronic filing or any other filing medium allowed by a filing office.

Recommended unanimously by the ITS of IACA at their annual business meeting, which commenced at 3:15 p.m. on Wednesday, May 17, 2006 in Lake Tahoe, Nevada.
