

Vishal Hanjan

Vishal Hanjan is PCC Technology's AVP of Product Management; he has been with the company for over 10 years, playing a variety of roles on business services projects including project manager, project executive, solution architect and product manager. Most of his career has been spent architecting and implementing technology solutions to connect citizens to government and make it easier for citizens to become business owners. Today Vishal oversees PCC's portfolio of product offerings in Elections, Business Services, Ethics and Land Management, assuring that that the solutions are continually updated to meet the needs of a constantly evolving Government regulatory environment.
